Awards

June 2019 North Creek High School
Valedictorian

July 2019 AP Scholar with
Distinction

April 2018 Def Hacks Seattle: Best
High School Hack

November 2018 Code Day Bellevue:
Best in Show

July 2018 Exsilio Solutions
Hackathon: Third Place

Experience

Web Developer

Back Acres LLC | Woodinville, WA | July 2019 - August 2019

I was responsible for the front-end development of backacreswashington.com, implementing the web interface with wordpress, and hosting the website with Amazon Web Services EC2, ELB, and Route 53

Founder

HackAction Foundation | Edmonds, WA | Sept 2018 - Mar 2019

Founded the HackAction Foundation, a Washington nonprofit corporation dedicated to hosting computer science events in order to encourage progressive forms of technical education. I was responsible for planning and executing the 10+ events we hosted as well as recruiting and communication with our 200+ members

Programming Instructor

Coding with Kids | Redmond, WA | Sept 2018 - Mar 2019

I was responsible for managing and instructing over 100 different students at over 6 different schools

Selected Projects

Snapsee (github.com/kylemumma/Snapsee)

Seamless Snapchat Friend Adding through Facial Recognition

In a team of 4 other programmers, I was responsible for the front-end development of this full-stack web app, implementing the web interface with React

Instasafe ([private repository](#))

Social Media Screening in Order to Detect Potential School Shooters

In a team of 6 other programmers, I was responsible for the web scraping and natural language processing of this desktop application. Using Python I implemented the web scraping with the Requests and BeautifulSoup library, and the NLP with the HateSonar library

Bibliosearch (github.com/kylemumma/Bibliosearch)

Library Book Image Search Web App

In a team of 3 other programmers, I was responsible for the front-end web development and computer vision of this web app, implementing the web interface with Flask, the computer vision with OpenCV, and the OCR using PyTesseract
